Notes:

2 Corinthians 1:2-4

› We come to God for forgiveness, but also for emotional comfort.
- God saves us physically and spiritually.
- Sometimes when you don't feel comfort, it is because you have not repented.

› God is the only one that can cleanse us from our sins.
- Just because you are over a situation, does not mean that God is finished.

› Unconfessed sin is not good!
- Do not judge your spiritual life on being in trouble with other people. Until God says it is OKay, It is NOT OKay.
- Just because you don't admit to being a creep, does not mean that

God doesn't know that you are a creep.

> Just because you did not get caught, does not mean you aren't in trouble.

- When God trips you up, he is trying to save you from the big fall that no one can save you from.

* Ask yourself: Do you believe that God gives believers comfort and peace?

Being Involved with Others

> You should be concerned about others living and being saved.

- The holy spirit makes you care about others.

> When you feel disconnected, it is disconnection from God not people.

Romans 10:1

> How can you talk about the Lord, and not attend church?

- If you know the bible, you must put it into practice.

Psalms 18:1-

> If you love the Lord, why are you so weak?

- God is our help and our strength.

* Do you call upon the Lord for help?

Psalms 33:16

> Are you saved?

- To be saved, is to become a new person.

Psalms 34:1-6

> Have you asked anyone to praise the Lord with you?

> If you have anxiety, you must seek the Lord.

- you should not be a worried person, because you cannot control everything.

> The only way you can get saved is through our Savior.
