Scriptures: Psalms 119, Proverbs 23, 1 Peter 4,

notes:

Psalms 119:105-106

Church is for guidance and direction as you make decisions in your life.

Keep the word near you, so that you can make decisions in Christ.

* Do you use the word to make daily decisions?

*Are your goals in life headed toward Christ or away from him?

Proverbs 23:26-35

Be careful of wanting others to want you sexually.

It is evil to want others to lust after you when they are not your spouse.

Most times when people drink alcohol it leads to sexual lust.

Women should not hang around a drunk man because he will be likely to lust after you.

1 Peter 4: 1-4

If you are a believer you cannot satisfy your lust as the world does.
You should instead live your life by the will of God.
It is not strange to stop hanging with evil people.
Change who you hang out with and who you call your friends.
Christians should stand out from worldly people.
