Sermon

Review

2 Corinthians 1:2

Last week we talked about why are we here. The world has hijacked the purpose of why we are even here. What is the purpose?

Jesus was not able to heal people because they were too common with Him. We have to network with each other.

vs.2

If you are confuse God is here to set up conditions of peace with you, but how often do we as believers don't find peace for our souls. Song "Turn your eyes upon Jesus"

vs 3

If God cannot comfort you then what? If you don't come to church to ease your troubling mind then why come.

vs.4

He comforts us in all things that we consider pressure. Just because you don't access it doesn't mean that's not what He's here for. Does God comfort you? Paul is trying to get people saved. This is suppose to be psychology class. We are to be equipped to help people. You don't need to go to school to be a counselor. The special training you need is faith and trust in God. I don't need to get a masters degree in grief counseling to deal with death. As a believer we are to bear each other's burdens- talk to them about the hope that is within you. Your help still has to come from God. Do you not think that God is meant to keep you from being anxious? Access God for his comfort. Some of us are to selfish and don't want to comfort others. "That's not my job." You can't refer everybody. Don't continue to say you are a Christian and not be a resource for someone's soul.

Romans 10:1

vs.1

Are you saved? That's the question. You can be smug and confident. I want you save

Romans 5:1-

When you going through something Praise God.

vs.5

How many of can say this verse?

vs.9

If we talk about saved we must talk about saved from. You will get punished if you are not saved. People want a religion without heaven or hell. There are bad things that you have to deal with. There is wrath. Are you saved? With kids they think they are so invincible. Why does God make things happen? God came to save sinners. Go through this week and ask yourself if you are saved?

A lot of people aren't saved because they haven't confessed sin. God doesn't have to catch you. Some people repent only when caught by someone. So you think you got away with something when you haven't been caught.

When you are saved and safe you have confessed and repented. You think the real judge is people,but it is God.

You gonna die one day. There are people who die In car wrecks who are in adulterous relationships, people don't know but God knows. You need to confess your sins. There is a story in the bible of a man who was stricken with hemorrhoids for being disobedient. And you wonder what does hemorrhoids have to do with anything? God chooses punishment.

Are you safe? Have you talked to Him? You need to ask grace and mercy before your punishment comes. It's better to come before caught. There is a difference between remorse and sad. Come before it comes too late.
